2016-2017 Term

- Sexual assault off campus is prohibited by the Georgia State University Honor Code but not the College of Law Honor Code
- Our proposed provision does not cover pending actions (however, we might not want to cover pending actions because then we would risk prohibiting people to run even if they were not found guilty of the violation)
- Our proposed provision said “conviction,” there may be a better word than that

b. Aaron McClellan
- Proposes that SBA begin having regular, informal, open forum events so that students can come discuss ideas and issues with student organization leaders.
- Ideas:
  1. Having one relaxed, informal, lunch events per semester where SBA can inform students on what we are doing each semester
  2. Have office hours where individuals can talk to individual members of SBA about concerns and suggestions
  3. Host individual class meetings where people from each class can talk to their representatives about concerns and suggestions
