FAQ’s for Georgia Dome Implosion

➢ Where can I find out more about the event?
   Find more information at https://www.gwcca.org/dome/

➢ Can I leave my house?
   o We recommend that you remain indoors and off the roadways near the impacted area during the implosion. For more information, please go to https://www.gwcca.org/dome/.

➢ Will MARTA service be impacted?
   ➢ There will be no rail service west of Five Points Station on the day of the Dome Implosion. Rail will be replaced with shuttle bus service. Find more information regarding MARTA’s service schedule at http://www.itsmarta.com/DomeImplosion.aspx

➢ What streets will be closed?
   o Andrew Young International Blvd, from Phillips Dr., to Centennial Pkwy NW;
   o Phillips Dr. from Centennial Pkwy NW to Andrew Young International Blvd NW;
   o Magnum St NW from MLK Jr Dr. to Marietta St NW;
   o Northside Dr. from MLK Dr. NW to Joseph E Boone Blvd NW;
   o Maple St NW from MLK Dr. NW to Northside Dr. NW;
   o Electric Ave NW from Maple St NW to Spencer St NW;
   o Postell St NW from Maple St NW to Rhodes St NW;
   o Rhodes St NW from Electric Ave NW to Northside Dr. NW;
   o Magnolia St NW from Electric St NW to Northside Dr. NW; and
   o Thurmond St NW from Electric Ave NW to Northside DR NW.

➢ When will these streets be closed? When will the streets open again?
   o The streets listed above are expected to be closed from 5:30 a.m. – 11:00 a.m. on Monday, November 20.
   o Once the Georgia Dome is imploded, an assessment will take place, and then street openings will begin. Several factors can affect how quickly streets are reopened including wind, dust and debris discharge. Police officers will be stationed to minimize traffic impact and to ensure a safe implosion.

➢ Is there a viewing area for the public?
   o There is no public viewing area available. WSB-TV will broadcast the implosion live for its entire duration starting at 6:30 a.m. For more information, go to https://www.gwcca.org/dome/

➢ How long will it take?
   o The implosion should take no more than 5 minutes, however streets are not expected to be open before noon.

➢ Will the implosion take place if it rains or there is severe weather in the area?
   o The implosion will take place in rainy conditions. The implosion may be delayed or rescheduled if we experience hurricane force winds or a lightning storm in the area.

➢ How long will it take to clean up the area where the Dome stood?
   o We predict that The site will be cleared and graded within three months of the implosion, and that 97 percent of the materials from the building will be recycled and reused.

➢ What are the plans for redevelopment of the land that the Dome sits on?
- The footprint of the Georgia Dome, once the site has been cleared, will be repurposed into the Home Depot Backyard, a greenspace providing community programming, a new parking deck, and a convention center hotel.

➢ How will the implosion impact air quality?
  - The implosion team is constantly monitoring air quality and the implosion will not have any long-term effects on the area. For more information, go to [https://www.gwcca.org/dome/](https://www.gwcca.org/dome/)

➢ Can I fly my drone over the Dome for photos or video? What about attaching GoPros to the Dome? What’s the process for receiving permission?
  - Out of an abundance of caution, the Georgia World Congress Center Authority will not authorize flight operations of any Unmanned Aircraft Systems (“drones”) on its campus on November 20, 2017. In addition, GWCCA will not authorize any cameras being attached or inside the Dome on implosion day. For more information, go to [https://www.gwcca.org/dome/](https://www.gwcca.org/dome/)
